“ Sending Condolences to the family. Bro. Cameron was apart of our church family here at Center St. for many years. A brother indeed! I remember when he purchased his motorcycle and he came to my dad to show him how to ride it. He eventually got it and used to ride-out. Praying for comfort to the entire family.

“ These are just a few photo memories of our brother Dorsey. Many people knew as a CenterPoint serviceman, a plumber and a Brookhaven City Alderman, but we knew him our loving “big brother “ who could always make us laugh with his sharp wit. On behalf of his surviving brothers and sisters, I want to say that we will always love him and miss him deeply.

“ I’ll always remember Dorsey and I would start our conversations with, “hey big brother and Dorsey would reply hey little brother “. I will truly miss hearing those simple words and I’m going to truly miss my big brother. At our family gatherings, Dorsey and one of my other brothers would entertain the entire family with their jokes and remembrances of events/people in a way only they could do. Lastly, I remember shortly after hurricane katana, our mother needed help to survive and I called my “big brother” and through all the chaos, Dorsey was able to provide the needed help for our mother. Goodbye BIG BROTHER, I’m going to miss you. ❤️
