“ *I just learned of your dear mother's death. I too first knew Pat when we attended Loyola but I had the added pleasure of working with her in Alexandria, here at Social Security. Your mother never did anything without passion, whether it was work, gardening or tending for her beloved animals. Getting a tour of her plants, ducks and chickens was always a great adventure because of her knowledge about them and her sense of humor. Who else would name the chicken who was targeted by the others and pecked "Pecky Sue"?*

“ *I am very sorry for the loss of your mom. Pat was my law school friend as well. We saw each other every day for three years. I was amazed by her very hard work and her keen intellect, which was evidenced by her high grades. What I most remember is her infectious laugh and sense of humor, no matter the pressures of a demanding school schedule. She was beloved by her friends and respected in the legal community. She had deep inner strength and never backed down from a challenge. She is an inspiration to all of us. God bless you, her children, whom she loved very much.*

“ Dear Family of Pat,

*Please accept my deepest sympathy. I was one of your Mom's law school pals. We communicated now and then over the years, and it was always like we had talked yesterday. She was very loved in the law school community. Her intelligence and sense of humor were amazing, and she spoke very lovingly about you, her children. My thoughts and prayers are with you as you mourn your Mom's loss.*
