“ *You always made yourself available at the family meetings and I would always make you laugh. I remember the last silly thing I did, you replied "I needed that". How I wish it wasn't the covid and we would have done the photoshoot. You will always be with us..... I LOVE YOU, ❤️❤️❤️*

“ To my cousin/sister. When we spoke on the phone briefly Saturday around 2:00p.m. If I would have known this was going to be our last conversation, that conversation would have lasted much longer. As I’m standing outside daily shedding my tears at work the wind always blows briefly it makes me feel as though you are there standing right beside me telling me everything is going to be ok. If I can just hear your voice one more time. 💔💔💔

“ The bond my cousin and I shared was unbreakable. The immense pain I feel will never go away. You were "My Noot" and I was your "first baby". I love you
