“ *My Dear Sister Thelma,  
What a positive mark you left on earth! My relationship with you on earth spanned for half a decade. You were a good wife and mother, always willing to add encouraging words of hope as you listened to the troubles of others. You were intelligent, spiritually strong and emotionally stable. You leave a legacy of love and and compassion. Your children are confident and will carry the legacies forged by you and Danny beyond this current generation. We are all better because of the love you showed during your lifetime. Janice Lucas Peyton*
